TREATMENT in practice

DAY 1

Consultation approx. 30 minutes

The consultation usually takes place some time beforehand. For patients from further afield, we are happy to offer combined appointments with a consultation on the day before the operation.

You will receive all important documents in a folder as well as a prescription for medication, which you can obtain from a local pharmacy.

Overnight stay in a hotel or private accommodation

DAY 2

Surgery in the practice

The operation is performed either under local anesthesia or under general anesthesia (blood values and ECG are required for this).

Payment must be made before the operation, either in cash or by bank transfer. Please note your bank requirements for cash withdrawals abroad.

After the operation, cab transfer to the hotel (we will be happy to call you a cab after the surgery or you will be picked up by your companion).

DAY 3

Aftercare appointment in the practice

This usually takes place in the morning.
